

Nevada Indian Commission
Civic Engagement Advisory Committee Report
Meeting: January 29, 2024

Introduction:

The Nevada Indian Commission, pursuant to NRS 233A.100, Powers of Commission, is authorized to appoint advisory committees whenever necessary or appropriate to assist and advise the Commission in the performance of its duties and responsibilities. At a meeting duly held on July 21, 2023, the Commission authorized the formation of an advisory committee on civic engagement.

The purpose of the Nevada Civic Engagement Advisory Committee (CEAC) is to support our 28 Tribal Nations, Bands, Colonies and our 62,000 Urban Indians in building a statewide ecosystem of nonpartisan civic education and engagement focused on Native American affairs.

CEAC will meet regularly to discuss all aspects of civic engagement including the the U.S. Census, redistricting, voter registration, education and engagement; election services and navigating the Nevada Legislature. As a state agency, the Commission must stay neutral and nonpartisan, our NIC leadership's aim is to ensure that our people have access to accurate and timely information and resources to support these efforts.
